

Hackathon Reimbursement Policy

We will reimburse an individual participant **up to \$100** for travel expenses to the Fashion Tech Hackathon.

If you came in a car with other participants, ***the owner of the car*** is eligible for reimbursement, **NOT** every person who rode in the car.

You must provide us with an **original itemized receipt**, not a receipt with only a total on it.

The itemized receipt must show a purchase for gasoline (we cannot reimburse you for Red Bull and Cheetos).

If you are taking the train, bus or flying please have a receipt we can see the price of the ticket(s). A boarding pass or a ticket won't work.

If your parents are purchasing the ticket for you, they will be the one reimbursed. It is better for ***you to buy your own ticket*** and have them transfer the money to you. It makes it much easier for everyone.

If you are using Uber etc, take a screen shot of your ride and print it out.

You will fill out an I-9 form, submit it with your receipts and we will mail you a check after the event concludes!
